The Union shall have those rights and duties as provided by Iowa Code Chapter 20 and as described in this Agreement.

Section 2. Bargaining Unit

The bargaining unit, as certified by the Iowa Public Employment Relations Board in case number 5834, is as follows:

EXCLUDED: All managerial, supervisory and confidential employees, all employees included in other bargaining units, part-time employees who are regularly scheduled for less than seven hundred eighty (780) hours per fiscal year and who are scheduled for less than an average of fifteen (15) hours per week, hourly (on-call) employees and all other persons excluded by Section 4 of the Act.

Section 3. New Classifications

The parties will review all new classifications and, if unable to reach agreement as to their inclusion or exclusion from the bargaining unit, shall submit such classifications to the Iowa Public Employment Relations Board for final resolution.

ARTICLE III. PUBLIC EMPLOYER RIGHTS

Section 1. Management Rights

The parties recognize that consistent with Section 20.7, of the *Code of Iowa* and the terms of this Agreement, the Employer shall have, in addition to all powers, duties and rights established by constitutional provisions, statute, ordinance, charter or special act, the exclusive power, duty and the right to:

1. Direct the work of its employees.
2. Hire, promote, demote, transfer, assign and retain employees in positions within its authority.
3. Suspend or discharge employees for proper cause.
4. Maintain the efficiency of governmental operations.
5. Relieve employees from duties because of lack of work or for other legitimate reasons.
6. Determine and implement methods, means, assignments and personnel by which the Employer's operations are to be conducted.
7. Take such actions as may be necessary to carry out the mission of the Employer.
8. Initiate, prepare, certify and administer its budget.
9. Exercise all powers and duties granted to the public employer by law.

Section 2. Express Reservation of Management Rights

The foregoing enumeration of rights and duties shall not be deemed to exclude other management rights and management functions not expressly reserved herein, and all management rights and management functions not expressly delegated in this Agreement are reserved to the Employer.

ARTICLE IV. EMPLOYEE AND UNION RIGHTS

Section 1. Dues Deduction

Subd. 1.

Upon receipt of a voluntary written individual order from any of the employees covered by this Agreement, on forms provided by the Union, the Employer will deduct from the pay due such employee those dues required as the employee's membership dues in the Union. The Employer

also agrees to withhold in the same manner any voluntary additional contributions to the Committee On Political Education (COPE) of the Union.

Subd. 2.

Such order shall be effective only as to membership dues becoming due after the date of delivery of such authorization to the payroll office of the Employer. Deductions will be made only when the employee has sufficient earnings to cover same after deductions for social security, federal taxes, state taxes and health insurance. Deductions will be in such amounts as will be certified to the Employer in writing by the authorized representative of the Union.

Subd. 3.

Such orders will be terminable according to the provisions of Section 70A.19, *Code of Iowa*, or may be terminable with written notice to the Employer and the Union either between June 15 and June 30 of the second or last year of each contract or within a two-week period following the anniversary date of the employee's authorization to withhold dues. The Employer will notify the Union of any requests from employees to terminate dues before such termination becomes effective. The Employer agrees not to hold requests to terminate authorization for payroll dues deduction. Such deductions will cease within sixty (60) calendar days from receipt of the employee's notice to terminate dues deduction.

Subd. 4.

The Union will indemnify and save the Employer harmless against any and all claims, demands, suits, or other forms of liability which may arise out of any action taken or not taken by the Employer for the purpose of complying with the provisions of this Section.

Subd. 5.

No other Union organization will be granted or allowed to maintain payroll deduction for employees covered by the Agreement.

Subd. 6.

The Employer will submit to the Union, with each remittance of deductions, a list of all employees having such deductions, including names, amount and effective date of the individual deductions included in the remittance.

Subd. 7.

The dues deduction of an employee who is laid off shall be suspended during the period of the layoff. An employee who is recalled shall be given a dues deduction authorization form at the time of recall, along with all other payroll forms. Upon completion of the dues deduction authorization, the dues deduction for the recalled employee will be reinstated.

Section 2. Long-Term Union Leaves

Subd. 1.

Officers and representatives of the Union shall, upon written request of the employee and Union, be granted a leave of absence without pay for a period not to exceed one (1) year. The maximum number of employees on this leave at any one time shall not exceed a total of three (3) or more than one (1) in any particular clinical unit.

Subd. 2.

Except as otherwise agreed by the Employer, written request for such a leave shall be provided to the Employer not less than thirty (30) calendar days prior to the intended commencement of the leave and shall include specific commencement and return dates. An employee may return prior to the return date only with the agreement of the Employer. Absent an emergency, or other good cause, failure to return on the return date shall constitute forfeiture of employment unless deferred by agreement of the Employer due to emergency circumstances.

Subd. 3.

In the sole discretion of the Employer, Union leave as specified herein, upon written request, may be extended for a period up to one (1) year from the return date of the original leave, upon the same terms and conditions as the original leave.

Subd. 4.

An employee returning from leave under this section shall have the same rights and shall follow the same procedure as bargaining unit employees returning from other long-term leaves.

Section 3. Other Short-Term Union Leaves

Subd. 1.

Employees may be granted time off without pay for periods of less than thirty (30) calendar days in duration to participate in union sponsored activities at the request of the local officials, including leaves to attend Union-sponsored training, SEIU Local 199 executive board meetings, the annual convention of the Iowa Federation of Labor or preparation for collective bargaining.

Subd. 2.

Requests for leave under this section shall be in writing and shall be made as far in advance as possible, usually at least thirty (30) calendar days prior to the absence.

Subd. 3.

The granting of leave under this section shall be dependent upon staffing needs of the Employer. The maximum number of absences under this section shall not exceed a total of ten (10) employees at one time, nor more than one employee in any clinical unit at one time. The

parties anticipate that no more than a total of fifty (50) duty days absence will be requested or approved for all members of the bargaining unit in any fiscal year.

Subd. 4.

The Employer will make an effort to accommodate absences as contemplated by this section, but reserves the right to decline time off in any circumstances where the staffing needs of the Employer cannot be accommodated.

Section 4. Negotiations Activity Leaves

Subd. 1.

No more than ten (10) employees shall be granted time off for the purpose of negotiating a successor collective bargaining agreement to this Agreement. Bargaining unit members may donate up to a total of four-hundred (400) vacation hours to be distributed among members of the designated negotiations team. Such donations may be used toward time spent in negotiations and ratification.

Subd. 2.

Such time off shall be limited to time actually spent in the collective bargaining process with the Employer in negotiations, mediation, fact finding and arbitration hearings and necessary associated travel time.

Subd. 3.

It is the responsibility of the Union and the employee to notify the Employer at the earliest possible date when such activities are scheduled in order to facilitate necessary coverage for said absences. Whenever possible, the Union shall notify the Employer a minimum of thirty (30) calendar days in advance as to the names and scheduling of activities as provided in Subd. 2 hereof.

Subd. 4.

The Employer will make an effort to accommodate absences as contemplated by this section, but reserves the right to decline time off in any circumstances where the staffing needs of the Employer cannot be accommodated.

Section 5. Work Site Leaders (Stewards)

The Union shall provide the Vice President for Human Resources with a written list setting forth the names and jurisdictional areas of Union Work Site Leaders (stewards) and representatives. The list shall be updated as necessary but no less than annually. This list is for informational purposes only and shall be the sole source for the Employer's use when an employee requests Union representation.

Section 6. Processing Grievances

Subd. 1.

An employee and his/her Work Site Leader (Steward) may consult concerning a grievance matter without loss of pay, provided that such consultation not interfere with patient care and shall be limited to no more than two (2) such consultations, and the total time away from assigned duties shall not exceed one (1) hour, for each matter. Such consultation time must be scheduled with the prior approval of the supervisors of both the employee and the Work Site Leader.

Subd. 2.

In the event that a grievance is filed, the grievant and his/her Work Site Leader shall attend grievance meetings and arbitration with the Employer held pursuant to the grievance procedure provided in this agreement, without loss of pay. Such meetings shall be scheduled so as not to interfere with patient care or services.

Subd. 3.

The attendance at grievance meetings under this Section shall not result in overtime pay to any bargaining unit employee.

Subd. 4.

In group grievances, only one (1) grievant shall be entitled to paid leave, to act as the spokesperson for the group.

Section 7. Bulletin Boards

Subd. 1.

In each clinical unit employing twelve (12) or more bargaining unit employees, the Employer shall make available a bulletin board no smaller than two (2) feet square in an appropriate location for posting of notices to bargaining unit employees, such location to be in areas not accessible to the public or patients.

Subd. 2.

No political campaign literature or material detrimental to the Employer or the Union or any other inappropriate material will be posted. The Union is responsible for the content of postings on designated Union bulletin boards.

Section 8. Bargaining Unit Data

Subd. 1.

On a monthly basis, the Employer will provide the Union with a listing of bargaining unit employees to include their name, home address, home phone, work address, work phone, job classification, department, seniority date, percent of time, and the salary rate.

Subd. 2.

Where individuals have requested that home address and phone be restricted, the Employer will not list home address or phone, unless permission is granted by the employee.

Subd. 3.

On October 1 of each year, the Employer shall provide the Union with a complete listing of employees in the bargaining unit along with their name, home address, home phone, work address/clinical unit, job classification, department, seniority date, percent of time and the salary rate. The Union agrees that this information is to be used solely for the purpose of communicating union business with these employees and will not release the information to any other party, and will take measures to ensure that the information provided is secure from unauthorized use.

ARTICLE V. GRIEVANCE PROCEDURE

Section 1. Grievance Definition

A grievance shall be a written complaint signed by the union and/or the employee who is alleging a violation involving the application and interpretation of specific terms and provisions contained in this Agreement.

A grievance shall contain a statement of the grievance by indicating the specific contractual issue(s) involved, the relief sought, the date the incident(s) or alleged contractual violation(s) that took place, and the specific section(s) of the agreement alleged to have been violated. If an individual employee grievance is filed by either the employee or the Union, the grievance form will state the name of the affected employee. If a union grievance is filed, the grievance shall state whether the claim involves the unit as a whole, a particular department including classification(s) and shift, or employees; the Union will provide the names of the affected employees no later than the third level of the grievance procedure.

Section 2. Who May File a Grievance

An employee or the Union may file a grievance.

Section 3. Representation

The grievant shall be represented during any formal step of the procedure by the Union. The Employer may be represented by such person or agent as designated by the Employer. The name of the worksite leader assigned to any specific grievance should be included on the grievance form.

Section 4. Definitions and Interpretations

Subd. 1. Extension

Time limits specified in this agreement may be extended by mutual agreement.

Subd. 2. Days

Reference to days shall mean calendar days.

Subd. 3. Computation of Time

In computing any period of time prescribed or allowed by procedures herein, the date of the act, event or default for which the designated period of time begins to run shall not be included. The last day of the period so computed shall be counted, unless it is a Saturday, a Sunday or a legal holiday, in which event the period runs until the end of the next day which is not a Saturday, a Sunday or a legal holiday.

Subd. 4. Filing and Postmark

The filing or service of any notice or document herein shall be timely if it is emailed, faxed, personally served, or if it bears a postmark of the United States Postal Service within the time period.

Section 5. Time Limitation and Waiver

A grievance shall not be valid for consideration unless the grievance is submitted in writing to the Employer setting forth the facts and the specific provision of the Agreement allegedly violated and the particular relief sought within twenty (20) days after the date of the first event giving rise to the grievance occurred. Failure to file any grievance within such period shall be deemed a waiver thereof. Failure to appeal a grievance from one (1) level to another within the time periods hereafter provided shall constitute a waiver of the grievance.

Section 6. Adjustment of Grievance

An effort shall first be made to adjust an alleged grievance informally between the employee and the immediate supervisor. If the parties are unable to resolve the grievance informally, the grievance will be addressed as follows:

Subd. 1. Level I

If the grievance is not resolved through informal discussions, the grievance must be filed in writing with the immediate supervisor. The immediate supervisor shall give a written decision of the grievance to the parties involved within fifteen (15) days after receipt of the written grievance.

Subd. 2. Level II

In the event the grievance is not resolved in Level I, the decision rendered may be appealed to the Departmental Executive Officer (e.g. Head, Chair, Director) or a designee, provided such appeal is made in writing within seven (7) days after receipt of the decision in Level I. If a grievance is properly appealed to the Departmental Executive Officer or designee, the Departmental Executive Officer or designee shall issue a decision in writing within fifteen (15) days after receipt of the written appeal to the parties involved. The Employer will publish a list of Departmental Executive Officers and furnish a copy to the Union for purposes of this Subdivision.

Subd. 3. Level III

In the event the grievance is not resolved in Level II, the decision may be appealed to the Chief Executive Officer, Dean, or designee, provided such appeal is made in writing within seven (7) days after receipt of the decision in Level II. If a grievance is properly appealed to the Chief Executive Officer, Dean, or designee, the Chief Executive Officer, Dean, or designee, shall issue a decision in writing within fifteen (15) days after receipt of the written appeal to the parties involved.

Section 7. Denial of Grievance

Failure by the Employer or its representatives to issue a decision within the time periods provided herein shall constitute a denial of the grievance and the employee may appeal it to the next level.

Section 8. Arbitration Procedure

Subd. 1. Request

The arbitration provisions of this agreement may only be invoked with the approval of the Union and in the case of an employee grievance, only with the approval of the employee. Written notice of intent to arbitrate, signed by the Union and/or employee must be delivered to the office of the Vice President for Human Resources within fifteen (15) days following receipt of the decision in Level III of the grievance procedure.

Subd. 2. Selection of Arbitrator

Upon submission of a request for arbitration, the parties may within ten (10) days after the request to arbitrate, attempt to agree upon the selection of an arbitrator. If no agreement on an arbitrator is reached, either party may request the Iowa Public Employee Relations Board (PERB) to submit a panel of seven (7) arbitrators. Within ten (10) days after receipt of the panel, the parties shall alternately strike names and the remaining name shall be the arbitrator to hear the grievance. The parties shall promptly notify the arbitrator of her/his selection.

Subd. 3. Hearing

The grievance shall be heard by a single arbitrator and both parties may be represented by such person or persons as they may choose and designate, and the parties shall have the right to a hearing at which time both parties will have the opportunity to submit evidence, offer testimony, and make oral or written arguments relating to the issues before the arbitrator.

Subd. 4. Request

After the date for the arbitration hearing is established, the SEIU representative and Employer representative will schedule a meeting not less than one (1) week prior to the grievance arbitration hearing date to exchange all evidence relevant to the grievance that is available to them at that time through the exercise of reasonable diligence.

Subd. 5. Expenses

The cost for the services of the arbitrator, including per diem expenses, if any, and actual and necessary travel and subsistence expenses shall be borne equally by the Employer and the Union. The cost of transcripts shall be borne by the requesting party, without having to furnish a copy to the other party, unless the parties mutually agree to share the entire cost. Any other expenses incurred shall be paid by the party incurring the same.

Subd. 6. Final and Binding Decision

The arbitrator so selected shall confer with the Employer and Union representatives and hold hearings promptly and shall issue her/his decision not later than thirty (30) days from the date of the close of the hearings or, if written briefs have not been waived, then from the date the final statements and proofs on the issues are submitted to the arbitrator. The arbitrator's decision shall be in writing and shall set forth findings of fact, reasoning and conclusions on the issues submitted. The arbitrator shall not have power to alter, add or detract from the specific provisions of the Agreement. The decision of the arbitrator shall be submitted to the parties and shall be final and binding on the parties, subject to the limitations on arbitrators' decisions as provided by Iowa law.

Section 9. Exclusive Procedure

The grievance procedure set out above shall be exclusive and shall replace any other grievance procedure for adjustment of any disputes arising from the application or interpretation of this Agreement.

ARTICLE VI. HOURS OF WORK

Section 1. Scheduling

The parties recognize that the Hospital has unique scheduling requirements because it operates 24 hours per day, 7 days per week on a year-round basis. Accordingly, many Hospital employees must routinely perform work on weekends, holidays and various shifts to serve the patients and the public and to meet the operational needs of the Employer. In order to meet these needs, the Employer and the Union may develop alternate scheduling options by mutual agreements, which may be agreed upon in Memoranda of Understanding.

Section 2. Percentage of Appointment

Employee hours of work are reflected in their percentage of appointment. The appointment level shall be based upon the appointing authority's determination of the amount of time it should normally take to perform the assigned duties. An employee's percentage of appointment shall not be changed without the consent of the employee except in instances of layoff (refer to Layoff Article). The Employer shall not schedule employees to work more or less than their percentage of appointment for regular shifts in their defined work schedule except with the consent of the affected employee. This does not include overtime hours.

Section 3. Work Schedules

Work schedules define a staff member's workdays, shift rotation and days off for a defined period of time. Work schedules will be developed by the unit/department. In developing work schedules, the Employer will adhere to the following:

Subd. 1.

The workweek shall begin on Sunday at 0000 and end on Saturday at 2400. For purposes of counting weekends off and/or worked, it is recognized that weekends split by the beginning and/or end of a schedule cycle will be counted no more than one time in each scheduling cycle.

Subd. 2.

Work schedules for clinical units will be established by the Employer based upon the needs of the clinical unit and with consideration for employees' preferences. Alternate work schedules may be established by mutual agreement between the employee and the employee's supervisor.

Subd. 3.

Where applicable, schedules, usually of a six (6) week duration, will be provided to bargaining unit employees no less than three (3) weeks and no more than five (5) weeks in advance of the start of the new schedule. For vacation requests, each clinical unit shall either develop a consistent day of each scheduling cycle by which vacation requests are due or shall give advance notice in each scheduling cycle of the day by which vacation requests are due, unless already designated in an agreed upon vacation request protocol. Once schedules have been posted they shall not be changed except with the consent of the affected employee(s). (For purposes of this section, overtime hours are not considered to be scheduled hours.)

Subd. 4.

The normal work cycle shall consist of a six (6) week cycle during which full-time employees shall not be scheduled for more than two hundred forty (240) hours total (part-time employees shall be proportional). No employee shall be scheduled for more than three (3) weekends during a six (6) week schedule.

Subd. 5.

The normal workday consists of eight (8) hours of work, except in those areas utilizing alternative work schedules. Alternate workdays may also be established by mutual agreement between the employee and the employee's supervisor.

Subd. 6.

The Employer agrees that in developing schedules, employees will not be required to work more than five (5) consecutive days of eight-hour (8) shifts, four (4) consecutive days of ten-hour (10) shifts, or three (3) consecutive days of twelve-hour (12) shifts, or any other combination of shifts that exceeds forty (40) hours without at least two days off, except with the agreement of the employee. Excluded from this are defined scheduling patterns used within a clinical unit on a regular basis in which a bargaining unit employee works more than five (5) consecutive days to allow for two (2) or more consecutive days off.

Subd. 7.

A day off shall be at least twenty-three and one half (23 1/2) hours, unless otherwise agreed between the employee and the supervisor.

Subd. 8.

No employee shall be scheduled to work more than two (2) different shifts in one (1) week, except with the consent of the employee. When an employee rotates to a different shift, there will be a break of at least twenty (20) hours unless otherwise agreed to between the employee and the supervisor.

Subd. 9.

Bargaining unit employees may trade or alter work schedules or shifts only with prior approval of management and cannot create overtime for any of the trading parties.

Subd. 10.

Whenever practicable, bargaining unit employees will be granted an uninterrupted, unpaid and unscheduled meal period. The meal periods may be thirty (30) to sixty (60) minutes, depending on the clinical unit. Meal periods which are interrupted by work duties shall be considered and compensated as hours worked. If an employee does not receive a meal period the employee will be compensated.

Subd. 11.

In units where staff are required to wear Employer provided scrubs, such as Operating Room, Labor and Delivery, and Pharmacy Admixture, employees shall receive reasonable and adequate paid wash-up/changing time immediately prior to and at the end of the shift.

Subd. 12.

Clinical units may use or adopt self-scheduling plans by mutual agreement between the Employer and the affected employees.

Section 4. Standby/On-call

It is recognized that the nature of some jobs within the bargaining unit require the availability of staff beyond their regular shift. Staff will be notified if their job requires standby/on-call work. All staff within the specified positions will be assigned standby/on-call on a rotating basis by the Employer. Alternate rotational systems may be developed by mutual agreement of the affected employees and the Employer. The staff members on standby/on-call status shall be immediately accessible by telephone or beeper and must be able to report back to work within departmental service guidelines. Compensation for standby/on-call shall be subject to Article IX, Supplemental Pay.

Section 5. Extension of Shift

In some units staff will be designated in advance to be available to work an extension of their shift to complete unfinished procedures or work activities. All staff within the specified positions will be assigned extension of shift on a rotating basis by the Employer. Alternate rotational systems may be developed by mutual agreement of the affected employees and the Employer. Staff, whether full or part-time, will receive time and one-half for all hours worked under extension of shift or compensatory time at the employee's request equal to the time worked (unless required under FLSA to be compensated at 1.5 times the hours worked), to be used at the request of the employee, subject to the approval of the supervisor. Where additional

staff are required beyond those already assigned to an extension of shift in the OR or the Ambulatory Surgical Center, staff who volunteer or are assigned to meet the additional staffing need will be paid double time.

Section 6. Travel Between Work Sites

Staff who are required by the Employer to travel between work sites will be considered to be on work status while traveling between the work sites.

With notice to the Union, the Employer may extend the established range for a specific classification as necessary to address critical needs. If an employee's salary would exceed the top of the range, the employee's base salary shall be set at the top of the range, and any increase exceeding the top of the salary range shall be paid to the employee as a one-time lump sum and not added to the employee's base salary. Any such lump-sum payment shall be due and payable to the employee on December 1st of each contract year covered by this agreement.

Section 9. Employer Discretion

Nothing herein shall preclude the Employer from granting salary increases related to performance, equity payments, or market conditions above the requirements of this Article.

ARTICLE VIII.

OVERTIME

Section 1. Eligibility and Definition

Subd. 1.

Bargaining unit classifications are designated by the Employer as exempt or non-exempt in accord with the Fair Labor Standards Act (FLSA). Those designated as non-exempt are eligible for overtime consistent with the Act. In the administration of this contract, all overtime worked by those exempt and non-exempt are governed by the terms of this Overtime Article, as well as the provisions of this Agreement as a whole.

Subd. 2.

Extra time is defined as time worked at the direction of the Employer in excess of the employee's regular assigned shift. Employees who work beyond the scheduled hours at their own discretion to meet personal position objectives or to advance their own career objectives shall not qualify for compensation under this Article. Employees may not work additional hours without the approval of the Employer.

Section 2. Assignment

Subd. 1.

Scheduled overtime, which can be planned during the scheduling process, will be offered to all bargaining unit employees in the clinical unit through a posting or e-mail process.

Subd. 2.

Overtime hours which are not met through the scheduling process but which can be anticipated at least twenty-four (24) hours in advance will first be offered to all employees on the voluntary extra time list maintained in each clinical unit and if not met through that process, will be assigned based upon a rotating list of all clinical unit employees in reverse order of bargaining unit seniority. Staff who have accepted any overtime assignment will move to the bottom of the mandatory extra time list.

Subd. 3.

Overtime hours which cannot be anticipated twenty-four (24) hours in advance will first be offered to those employees who are working at that time and if unmet by a volunteer, will be assigned to the person working who is next in line on the mandatory overtime list. Staff who work an extra time shift will move to the bottom of the mandatory overtime list. Every effort will be made to limit involuntary overtime assignment to not more than eight (8) hours in a six (6) week cycle whenever possible.

Subd. 4.

When making mandatory assignments, the individual circumstances of the affected employees, such as sequence and length of shifts already worked and time between shifts and number of call-back hours worked, will be considered. Except in cases of emergency, no employee will be required to work more than twelve (12) consecutive hours.

Section 3. Notice

Notice to employees of an overtime assignment should be given as far in advance as is reasonably practicable depending on the circumstances.

Section 4. Compensation

Subd. 1.

For part- and full-time non-exempt staff, payment for overtime beyond forty (40) hours in a week will be at 1.5 times the defined hourly rate for the employee or compensatory time equal to 1.5 times the hours worked, at the choice of the Employer. The Employer will give consideration to the preferences of the employee in making its determination of the form of compensation.

Subd. 2.

For full-time exempt staff, payment for overtime beyond two hundred forty (240) hours in a six (6) week cycle will be at 1.5 times the defined hourly rate for the employee or compensatory time equal to the time worked, at the choice of the Employer. The Employer will give consideration to the preferences of the employee in making its determination of the form of compensation.

Subd. 3.

For part-time exempt staff, payment for the additional assignment will be at the employee's regular hourly rate of pay, unless the part-time employee has worked more than two hundred forty (240) hours in a six (6) week cycle, or may accrue compensatory time equal to the time worked, at the choice of the Employer. The Employer will give consideration to the preferences of the employee in making its determination of the form of compensation. Hours in excess of two hundred forty (240) hours in a six (6) week cycle shall be compensated in the manner described in Subd. 2 above.

Subd. 4.

Accrued compensatory time shall be used at the request of the employee, subject to the approval of the supervisor. Compensatory time accrued but not used within one hundred twenty (120) calendar days will be paid in the next monthly payroll. Compensatory time earned at the regular rate of pay will be paid at the premium rate, as outlined in Subds. 1 through 3 above. Upon separating from employment, employees shall be paid for any unused earned compensatory time.

Subd. 2.

Part-time and full-time staff will also be paid overtime, consistent with Article VII Overtime, Section 4 of the Agreement between the parties.

Section 6. Part-time Outreach Staff in Clinical Units with Variable Schedules to Meet Patient Care Needs

Part-time staff who work in clinical units in which the work schedule varies each week to accommodate clinic/patient schedules, and who work more than their regular assignment/percentage of appointment in a week, may use the extra time earned as comp time to average their effort with other weeks where they work less than their regular assignment/percentage of appointment. This utilization is in lieu of immediate payment, and must occur within a six-week cycle. Any time earned and not needed to balance out the six-week cycle to equal the employee's percentage of appointment will be paid out according to the language within this Article.

Section 7. Exclusions

Subd. 1.

Time spent in standby/on-call status and callback time is not counted in applying the provisions of this Article. Time spent in personal sick leave and family caregiving leave is not counted in applying the provisions of this Article if it occurs in the same week in which the overtime was worked.

SUPPLEMENTAL PAY

Section 1. Standby/On-call Pay

Employees who are required to be in standby/on-call status shall be compensated at the rate of ten percent (10%) of their defined hourly rate for each hour spent in standby/on-call status. If called back to work and paid overtime, standby/on-call compensation will cease for the time spent at work.

Section 2. Callback Pay

Subd. 1.

A two-hour (2) minimum payment guarantee is provided for all callback pay under this section.

Subd. 2.

In clinical units where patient care needs permit, the Employer may develop a plan to permit staff who have worked additional hours due to call back and who are scheduled to report for subsequent morning shift, to use some comp time or vacation, hour for hour, for the hours scheduled to work in the subsequent morning shift, in order to facilitate a rest period.

Subd. 3.

Bargaining unit employees returning to the work place from standby/on-call status or at a time not contiguous with their regular shift on a holiday, will be paid call-back pay at the rate of two (2) times the defined hourly rate for actual time worked. A two-hour (2) minimum payment guarantee is provided for callback pay under this provision. In addition, for hours worked on the holiday up to the limit of holiday benefit hours paid consistent with Article XIII, these employees will receive holiday comp time.

Subd. 4.

Subd. 2.

All other classifications or positions which utilize Charge as designated by the Employer receive an additional \$1.50 per hour for performing this assignment. The expectations for the duties and the qualifications for Charge are outlined in an addendum to the applicable job descriptions.

Section 5. Preceptor Assignment

Subd. 1.

Employees who perform the role of preceptor for employees on orientation will be required to attend an initial preceptor training offered during their work time. Upon completion of the initial training, attendance at a yearly refresher course will be required to maintain competencies. Shift differential shall not be included in the calculation of paid time off.

Section 3. Pharmacy Department

Provisions of Subd. 1 and 2 above shall not apply to those employees in the Pharmacy Department who work ten (10) hour (or longer) night shifts. Those employees shall receive a differential of ten percent (10%) of their hourly salary for all hours worked.

The benefits available to bargaining unit employees as of January 2, 2015, represent the minimum level the Employer will provide during the term of the agreement. The Employer agrees there will be no reduction in the level of benefits provided to bargaining unit employees, including the general benefit credits and the shared savings credit.

Section 5. Contribution Rates

Consistent with Sections 3 and 4 of this Article, the Employer will contribute to an individual employee's benefits an amount that is comprised of the following four elements:

Subd. 1.

Bargaining unit employees will receive from the Employer One-Hundred percent (100%) contribution for single health insurance.

Bargaining unit employees will receive from the Employer Eighty percent (80%) contribution for all other family statuses for health insurance.

Bargaining unit employees will receive from the Employer One-Hundred percent (100%) contribution for all other family statuses for health insurance if the bargaining unit employee and their spouse/partner is employed in a position that is either another bargaining unit employee or a faculty, P&S or MSE staff who are eligible for a contribution towards the same University insurance benefits as the bargaining unit member.

Subd. 5.

Employee contributions for the next calendar year will be based upon salary on December 31 of the previous calendar year.

Section 6. Credits

The Benefits program has an element of choice:

Bargaining unit employees will receive a Monthly General Credit. For 2015 through 2017 this credit is \$90.

Bargaining unit employees will receive a monthly credit if they do not participate in the health insurance plans. For 2015 through 2017 this credit is \$200.

Bargaining unit employees will receive a monthly credit if they do not participate in the dental insurance plans. For 2015 through 2017 this credit is \$25.

The committee will meet the first working Friday afternoon from 2:30 PM to 4:00 PM at a location in UIHC, except for January, June, July and August. The September meeting would be on the second Friday due to the Labor Day weekend.

**ARTICLE XII.
VACATION LEAVE**

Section 1. Accrual

Subd. 1.

Employees shall begin accruing vacation leave on their first day in pay status. Vacation leave shall be accrued on a monthly basis. Full-time bargaining unit employees hired before July 1, 1999, shall accrue one hundred and ninety-two (192) hours per year, sixteen (16) hours per month, including the two (2) personal holidays provided in the Holiday Article. University of Iowa staff transferring into the bargaining unit (since July 1, 1999) shall accrue no less than their previous vacation accrual rate, not to exceed one hundred and ninety-two (192) hours per year, sixteen (16) hours per month, effective

July 1, 2001. Full-time employees hired on or after July 1, 1999, shall accrue vacation leave at rates based upon their seniority on the following schedule:

Years of Service	Hours Per Year	Hours Per Month
Up to 3	120	10.0
More than 3, up to 6	160	13.3
More than 6	192	16.0

Subd. 2.

The accrual rates in Subd. 1 above include the two (2) personal holidays provided in the Holiday Article. Part-time employees shall accrue vacation leave based upon their percentage of full-time appointment. Vacation accrues during any period of service in pay status. Current accumulation balances and a report of current vacation accrual are available to staff via the Employer electronic system.

Subd. 3.

Vacation leave may accrue up to a maximum equal to two (2) times an employee's annual accrual. The Employee is responsible for monitoring his/her individual accruals and submitting appropriate vacation requests. The employee can access his/her individual accrual amounts via the Employer electronic system. The Employer will work with the employee to plan a vacation schedule of up to sixteen (16) hours (prorated for part-time) each month until a longer vacation can be scheduled or until the employee falls below the “within six (6) months of reaching the maximum accrual” level. If the supervisor and the employee agree that in spite of the employee's cooperation in attempting to schedule time off, the supervisor cannot grant the time to prevent loss of accruals, the employee can appeal to the Director of Hospital Human Resources/UIHC, Director of Human Resources/College of Medicine, or Human Resources Administrator/College of Dentistry and request that excess vacation hours be banked. It is the intent of this paragraph to avoid the loss of vacation accrual.

Section 2. Scheduling

Subd. 1.

Bargaining unit employees in each clinical unit may develop their own written vacation scheduling protocols subject to the approval of the supervisor, which shall be communicated to the Union before they are published for the bargaining unit employees to be affected.

Subd. 2.

In the event a clinical unit does not develop its own vacation scheduling protocols then the following vacation scheduling procedure shall apply.

Subd. 3.

Employees with at least six (6) months of employment shall be offered the opportunity to schedule at least one (1) week of vacation during the periods of prime time, defined as the period beginning May 15 and ending September 15. Employees with at least six (6) months of employment shall also be offered the opportunity to schedule at least two (2) consecutive weeks of vacation throughout the remaining times of the year. Part-time staff would be entitled to request prorated periods of vacation during these time periods. A week shall be considered to be at least seven (7) consecutive days without being scheduled to work for purposes of this paragraph. For example, a full-time eight (8) hour shift employee would utilize five (5) vacation days and two (2) regular days off. Utilizing vacation time will not require the employee to “make up”, “trade out”, or work extra days.

Subd. 4.

Vacation requests made more than thirty (30) calendar days in advance of the posting of the work schedule shall be granted on a first come, first served basis. Vacation requests made less than thirty (30) calendar days in advance of the posting of the work schedule shall be granted based upon seniority. Requests approved will be reflected in the work schedule, consistent with Article VI, Hours of Work. Section 3 Work Schedules.

Subd. 5.

Vacations shall be scheduled at the request of the Employee, subject to the approval of the Employer. Employees shall receive a response to a regular vacation request within fourteen (14) calendar days, or as otherwise defined by protocols within each clinical unit developed consistent with Subd. 1 of this Section. If the vacation is denied, the reason for the denial shall be stated in writing. Once vacation leave has been approved, such approval will not be withdrawn.

Section 3. Purpose

The parties recognize that vacation leave primarily is intended to provide employees with a period of rest and relaxation in order that employees may return to work refreshed and to thus improve the employees' morale and performance. For that reason, employees will not be scheduled to work during vacation time without their consent and will not be scheduled for standby/on-call during vacation leave.

Section 4. Spontaneous Leave

In circumstances involving low census or low workload the Employer may offer employees the option of taking a "spontaneous" (unplanned) leave. Spontaneous leave shall be offered on a rotating basis to the employees when staffing levels permit.

Subd. 1.

Weekend option staff within a clinical unit shall not be offered spontaneous leave until all regular staff in that clinical unit have declined.

Subd. 2.

Spontaneous leave may, at the discretion of the Employer, be offered on a conditional basis, i.e., the employee may be required to be available for recall to complete the shift, if needed. Employees who accept the offer of conditional spontaneous leave shall receive standby/on-call pay pursuant to the Supplemental Pay Article in addition to compensatory time or vacation pay.

Section 5. Catastrophic Leave Contribution

Employees may contribute accrued vacation leave to benefit another employee suffering from catastrophic illness. Vacation leave shall be donated in no less than one (1) hour increments. The contributing employee must identify the specific amount of time donated and the name of the recipient of the donated vacation leave on forms provided by the Employer for this purpose. Vacation leave donated to another employee pursuant to this provision shall be irrevocably credited to the recipient's sick leave account.

ARTICLE XIII.

Section 1. Holidays

Subd. 1.

For employees on a Monday through Friday work schedule, the Employer shall provide nine (9) scheduled and two (2) unscheduled paid holidays which follow the University of Iowa official holiday schedule.

Subd. 2.

Unscheduled holidays shall be prorated and accrued on a monthly basis and added to the employee's accrued vacation account and shall be taken in accordance with the procedures set forth in the Vacation Article.

Subd. 3.

Due to the nature of hospital work, staff may be scheduled to work on holidays. Current unit vacation scheduling protocols that address holiday scheduling will apply or units will be required to add language regarding holiday schedules to their vacation scheduling protocols subject to the terms outlined in Article XII, Section 2, Subd. 1.

Subd. 4.

To be eligible for holiday pay, employees must be in a pay status on their last scheduled work day immediately before and their first scheduled work day immediately following each holiday.

Employees shall not be eligible for holiday pay during any period of leave of absence without pay or during a layoff.

Section 2. Compensation for Holidays

Subd. 1.

If holiday falls on an employee's regularly scheduled work day and the employee is not required to work, the employee will be paid the employee's normal salary for the day.

Subd. 2.

If a holiday falls on an employee's regularly scheduled day off and the employee is not required to work, the employee will receive compensation equal to eight (8) hours of salary (an amount prorated to the percent of time for part-time employees), or an additional day off at the choice of the employee, subject to the approval of the supervisor.

Subd. 3.

If any bargaining unit employee is required by the Employer to work on a holiday, the employee will be paid at a holiday premium rate equal to one and one half the employee's regular salary rate for actual time worked on the holiday. In addition, the employee shall receive the Holiday benefit in the form of an alternate day off as requested by the employee, subject to the approval of the supervisor. Such an alternate day off shall not be revoked once approved by the supervisor. Employees on call back will also receive any portion of their holiday hours worked as holiday comp time. If the employee has not received the holiday time within one (1) year of the holiday worked, the employee will receive holiday compensation equal to eight (8) hours of salary (prorated for part-time employees).

Subd. 4.

Employees who receive compensation under this section for hours less than their regular hours of assignment shall be provided the option of utilizing accumulated paid leave in an amount equal to the hours needed to compensate for regular scheduled hours. An employee may also request to work the additional hours within the six (6) week schedule where the holiday occurs, subject to the approval of the Employer.

ARTICLE XIV.
SICK LEAVE

Section 1. Accrual

Subd. 1.

Full-time employees shall accrue sick leave at the rate of one hundred and forty-four (144) hours per year or twelve (12) hours for each full month of service. Part-time employees shall accrue sick leave at their fractional equivalent of full-time appointment. There is no limit on the amount of sick leave which may be accrued.

Subd. 2.

Accrued sick leave shall be placed in an employee's sick leave account. Current accumulation balances are available to staff at the University maintained Self Service Center website. Separation from employment shall cancel all unused accumulated sick leave, except upon retirement at age 55 or older, when employees shall receive cash payment for accumulated, unused sick leave not to exceed a total of two thousand dollars (\$2,000). When an employee is laid off and recalled, any unused accumulated sick leave shall be restored provided the employee is re-employed by the Employer within one (1) year.

Section 2. Utilization of Sick Leave

Employees shall not be required to explain an illness at the time a sick-call is made. An explanation may be required at a later time to administer the Family Medical Leave Act (FMLA), to determine how the absence is to be paid, or to investigate the potential of a communicable disease exposure. Attendance is an essential component of employment. The Employer may review sick leave usage for the purpose of determining whether sick leave use is excessive or abused. Discipline for attendance will be based upon the principles of just cause, and not solely on the number of occurrences or hours of absence.

Employees may use accrued sick leave for any of the following:

Subd. 1.

Medically Related Disability: Accrued sick leave may be used for personal illness which requires the employee's confinement and/or which renders the employee unable to perform assigned duties. The Employer may require a medical certificate or other appropriate verification for absences covered by this Section.

Subd. 2.

Medical or Dental Appointments: Medical or dental appointments which cannot be scheduled for non-working hours may be charged to sick leave if the absence is requested and approved in

advance by the employee's supervisor. Absences for routine appointments should generally not exceed two (2) hours.

Subd. 3.

Family Caregiving Leave: A maximum of five (5) days of sick leave per calendar year may be used for the care and necessary attention of ill or injured members of the employee's immediate family. When sick leave is used to provide such care, appropriate verification of the status of the ill or injured person may be requested.

The maximum usage per year of family caregiving leave includes the current calendar year allowance of five days of sick leave, as well as any unused allowance from the previous calendar year, up to eighty (80) hours in total for the care of and necessary attention to ill or injured members of the employee's immediate family.

Subd. 4.

Funeral Leave: A maximum of three (3) days of sick leave may be used for each occurrence of a death in the employee's immediate family.

Subd. 5.

Service as a Pall Bearer: A maximum of one (1) day of sick leave may be used for each service as pallbearer at the funeral of a person not a member of the Employee's immediate family.

Subd. 6.

Adoption: A maximum of five (5) days of sick leave may be used by a newly adoptive parent.

Subd. 7.

For purposes of this Section, immediate family is defined as the employee's spouse/domestic partner, children, grandchildren, foster children, stepchildren, legal wards, parents, grandparents, great grandparents, foster parents, stepparents, brothers, foster brothers, stepbrothers, sons-in-law, brothers-in-law, sisters, foster sisters, stepsisters, daughters-in-law, sisters-in-law, aunts, uncles, nieces, nephews, first cousins, corresponding relatives of the employee's spouse/domestic partner, and other persons who are members of the employee's household.

Subd. 8.

Employees will be permitted to use compensatory time off and/or vacation leave in lieu of sick leave when they so request, according to the same procedures as apply to the use of sick leave. When a holiday falls while an employee is on paid sick leave, the employee's sick leave account shall not be charged for the holiday period.

Section 3. Conversion

Subd. 1.

Employees who have accrued at least two hundred and forty (240) hours of sick leave may elect to accrue additional vacation leave in lieu of sick leave. Employees who so elect shall accrue vacation leave at the rate of one third the rate of their normal sick leave accrual. If an employee's sick leave account goes below two hundred and forty (240) hours, the account must be built up again before the employee is eligible for conversion. Any use of sick leave makes an employee ineligible for conversion during the month in which the use occurs.

Subd. 2.

Full-time employees who elect to convert sick leave to vacation as described in this Section, may accrue up to ninety-six (96) hours of vacation leave above and beyond the usual maximum accrual, as defined in Article XII, Vacation Leave, Section 1, Subd. 3. This amount is prorated for part-time employees who elect to convert sick leave to vacation.

ARTICLE XV. LEAVES OF ABSENCE

Section 1. Eligibility

Employees with at least one (1) year of seniority shall have the right to request a leave of absence in accordance with the provisions of this Article. Except for FMLA and Military Leave, unpaid leaves of absence are at the discretion of the Employer.

Section 2. Request Procedure

Any request for a leave of absence shall be submitted on the Employer designated form by the Employee to the employee's immediate supervisor at least thirty (30) calendar days in advance whenever possible. The request shall state the reason for the leave, the type of leave being requested, and the length of the leave of absence being requested. Requests for leaves of absence will be responded to within fourteen (14) working days. In the event the Employer denies the leave, the reasons for the denial must be stated in writing.

Section 3. Court and Jury Leave

Subd. 1.

Jury Service. Employees on jury duty will not incur a loss of pay for time spent on jury duty. Upon return from jury duty the employee shall remit any amount of pay received for jury service to the Employer, less any amount paid for travel or personal expenses.

An employee summoned as a juror shall immediately inform his/her supervisor of the absence. An employee who reports for jury duty and is dismissed shall be expected to resume his/her normal duties following dismissal from service.

Subd. 2.

An employee who is required to serve as a court witness because the employee's testimony regarding care provided to a patient at the University of Iowa Hospitals and Clinics is material to a lawsuit, the employee will continue to receive regular pay from the Employer.

Section 4. Military Leave

All military leave shall be provided under Section 29A.28 of the *Code of Iowa* and the applicable federal statutes. Employees shall present orders to their supervisor the first business day following receipt. No employee's schedule shall be altered to avoid the application of this provision and no employee shall be required to make-up time spent in military leave status.

Section 5. Voting Leave

Any person entitled to vote in a general election is entitled to time off from work with pay on any general election day for a period not to exceed two (2) hours in length under the circumstances described below. Time off for voting may be granted only if the employee's working hours do not allow a three (3) hour period outside of working hours during polling hours. Application for time for voting should be made to the employee's supervisor prior to Election Day. The time to be taken off will be designated by the supervisor.

Section 6. Family Medical Leave Act

The Employer will provide Family and Medical Leave in accordance with the Family and Medical Leave Act, 28 U.S.C. Section 2601, et seq.

Section 8. Medical Leave

Section 10. Return from Leave

Upon returning from an approved leave of absence, the employee will be returned to the previously held position if available or, if not, to one in the same classification for which the employee is qualified. If no such position is available, the layoff procedure set forth in the layoff article of this agreement shall be utilized. However, in the case of Military Leave, the employee will be reinstated to another position of similar pay and class from which they left and for which the employee is qualified.

Section 11. Fringe Benefits

Except as provided by law, fringe benefits shall not continue during any unpaid leave of absence which exceeds thirty (30) calendar days.

Section 2. Seniority

Subd. 1.

Definition. For bargaining unit employees hired before July 1, 1999, seniority will be calculated based upon the employee's most recent date of hire in a regular position with the Employer. For employees hired into bargaining unit positions on or after July 1, 1999, seniority means an employee's length of continuous service with the Employer in a regular position since the most recent date of hire in the bargaining unit. Exception shall be made for time spent in supervisory positions, in which case supervisory service shall be counted in the calculation of seniority if such time was preceded and followed by service in a bargaining unit position. Exception shall also be made for non-supervisory employees employed by the Employer, but outside the bargaining unit, in which case such service spent outside the bargaining unit shall be counted in the calculation of seniority if such time was preceded and followed by service in a bargaining unit position. In the event two (2) employees have the same original date of employment, seniority of one as against the other shall be determined by the last four (4) digits of the social

security number with the employee having the lower last four (4) digits of the social security number being considered as having the greater seniority. The employee shall not acquire seniority standing for any purpose under this Agreement for a period of one (1) calendar year, at which time this definition becomes applicable.

Subd. 2.

Lists. The Employer will post the seniority list annually in July of each year on the Employee & Labor Relations web site. The list shall contain the name, job classification, clinical unit, and seniority date of each employee in the bargaining unit. Employees shall have thirty (30) calendar days after the date the seniority list is posted in which to appeal their seniority date after which time the seniority date shall be presumed correct. Employees who are absent from the Employer due to extended illness, leave of absence or other legitimate reason, shall have thirty (30) calendar days from the time that they return to work in which to appeal their seniority date.

Subd. 3.

Breaks in Seniority. A break in seniority occurs upon transfer out of the bargaining unit (except as specified in Section 2, Subd. 1 of this Article), separation from employment through voluntary resignation, discharge, or upon lapse of recall rights. Employees who return to employment within thirty (30) calendar days of separation will retain their original seniority date. Employees who return to employment within one (1) year of separation will receive credit for previous seniority, but will not receive seniority credit for the period of separation.

Subd. 4.

Application. Seniority as defined in this Article shall be applicable only as expressly provided in this Agreement.

**ARTICLE XVII.
LAYOFF PROCEDURES**

Section 1. Application of Layoff

Subd. 1.

The Union recognizes the right of the Employer to reduce the workforce subject to the provisions set forth in this Article. Such procedures shall apply to regular employees who have one (1) or more year of seniority.

Subd. 2.

The provisions of this Article shall not apply to temporary layoffs of less than thirty (30) consecutive calendar days.

Subd. 3.

The rights outlined in this Article will apply to employees who will be laid off due to privatization, or any other reason.

Subd. 4.

Section 2. General Layoff Procedures

Subd. 1.

Layoff shall be by clinical unit and classification, considering seniority, with the least senior being laid off first. Seniority may be excepted as necessary to retain employees with the special skills, training and abilities required to meet the needs of the Employer.

Subd. 2.

Regular employees with less than one (1) year of seniority affected by a reduction in force shall be notified in writing of layoff at least thirty (30) calendar days in advance of the effective date of the layoff, except in exceptional circumstances which disrupt the services of the hospital. Employees with at least one (1) year of seniority will receive at least sixty (60) calendar days notice of the effective date of the layoff. Employees with at least four (4) years of seniority will receive at least ninety (90) calendar days notice of the effective date of the layoff. Employees with at least eight (8) years of seniority will receive at least one-hundred and twenty (120) calendar days notice of the effective date of the layoff. The notice provision of this Subdivision will not apply if notice of such duration would seriously impair the financial integrity of a major administrative unit of the Employer.

Subd. 3.

Employees who are given layoff notice will have priority status with regard to vacant bargaining unit positions for which they are qualified and which are comparable to the position (same paygrade or lower) from which they are to be laid off, as specified in the Transfer Article.

Subd. 4.

Any employee in lieu of layoff, shall have the right of reinstatement to an available position in the classification formerly occupied, provided the employee meets the qualifications of the position, before any other person may be promoted to, or a new employee hired into such classification by the Employer. Upon reinstatement to another classification, an employee shall retain the current rate of pay except that if such rate of pay is higher than the highest rate currently paid for the classification into which the employee is reinstated, the employee's pay shall be reduced to that rate of pay.

Subd. 5.

The Employer will offer laid off bargaining unit employees temporary work hours, to the extent such are available and for which the employee is qualified.

Subd. 6.

The determination of the layoff order is subject to the grievance procedure commencing at Step 3. The implementation of such layoff shall not be delayed pending the resolution of such grievances.

Section 3. Displacement Right

Subd. 1.

An employee, in lieu of layoff, may elect to displace the least senior employee in their classification in another clinical unit, or in another classification which the employee has formerly occupied, provided the employee displaced has less than one (1) year of service with the Employer, and that the senior employee is fully qualified for the position.

Subd. 2.

To exercise the right of displacement, in lieu of layoff, the employee must notify the Director of Human Resources for the University in writing of such election, which must be received or postmarked not later than ten (10) calendar days after receiving notice of layoff.

Subd. 3.

This Section does not apply to employees laid off from grant funded research positions.

Section 4. Eligibility for Recall

Subd. 1.

The name of a regular employee shall be placed on a recall list for the classification from which laid off for a period of one year from the date of layoff.

Subd. 2.

In addition, a laid off employee may be placed on a recall list for any other classifications previously held by the employee for a period of one (1) year from the date of layoff.

Subd. 3.

Employees who exercise reinstatement rights to a different classification or who are recalled to a different classification or who accept employment at a lesser FTE than that from which laid off, shall remain on the recall list for the classification from which they were laid off for a period of one (1) year from the date of layoff.

Subd. 4.

Employees who make written notice and provide medical verification to the Employer of their recovery from a long term disability shall be placed on the recall list for the classification held prior to the disability.

Subd. 5.

If a laid off employee accepts a temporary position with the Employer, the employee shall remain on the recall list(s).

Subd. 6.

Employees who are eligible for recall must provide a current address and phone number to the Director of UI Human Resources. Failure to provide this information will result in loss of recall rights.

Subd. 7.

Whenever a vacancy of a budgeted position occurs within a classification where there are employees on the recall lists, employees within the clinical unit shall have such rights as provided under the Transfer Article prior to the exercise of rights of employees on recall.

Subd. 8.

Once it has been determined that the Employer will fill the position from the recall list, the Employer shall first offer that position, in seniority order, to employees on the recall list who previously held a position in the classification where the vacancy exists, provided the employee is qualified to perform the duties of the position, before a new employee may be hired for such position by the Employer.

Subd. 9.

Employees who are recalled must notify the Employer, in writing, of their acceptance of recall which must be received or postmarked not later than seven (7) calendar days after receiving

notice of recall. Failure to accept a recall to a position when offered shall negate any further rights of reinstatement.

Section 5. Insurance for Laid Off Employees

Laid off employees may maintain health insurance as provided by COBRA.

Vacancy notices will be posted in various locations according to the Employer's current practice.

Subd. 2.

Positions may be advertised outside the clinical unit and The University of Iowa concurrently provided that such advertising shall not impact the rights of employees under this Article.

Subd. 3.

The employee is required to file a written request for transfer during the posting period in order to be considered for the vacancy. Eligible employees outside the clinical unit are strongly encouraged to meet with the hiring manager or designee prior to applying for a transfer to review the duties and expectations of the position. Employees who make application for transfer may withdraw such application up to the point that a specific offer is made for the position.

Subd. 4.

Following the close of the posting period, the Employer shall offer the position to the most senior applicant from within the clinical unit.

Subd. 5.

If the vacancy is not filled from within the clinical unit, the Employer shall offer the position to qualified employees on recall for the classification pursuant to the provisions of the Layoff Article.

Subd. 6.

If the vacancy is not filled from the recall list, the Employer shall offer the position to an applicant currently in the classification but outside the clinical unit, based upon the applicant's skills, abilities, and relevant professional experience, giving preference to employees who have received a layoff notice. In the event the skills, abilities and experiences are relatively equal, the Employer shall select the applicant with the most seniority.

Subd. 7.

If the vacancy is not filled through the preceding procedures, applicants from any other source, including other bargaining unit employees, may be considered.

Subd. 8.

In all cases, the applicant selected must possess the ability to perform the duties of the position and any special or selective certification requirements included on the posting.

Subd. 9.

When an employee is the most senior bidder for more than one (1) position simultaneously, s/he will select one (1) of the positions within four (4) weekdays of the notification of her/his status.

Subd. 10.

After filling a posted vacancy through this transfer process, the same process will only apply to two subsequent openings within the same clinical unit arising from this transfer, provided that the Employer makes the decision to fill the position.

Section 4. Transfers Outside the Classification

Bargaining unit employees are eligible to apply for vacant bargaining unit positions outside their classification following the University's existing employment procedures. Selection for such vacancies will be at the discretion of the Employer and will be based upon the Employer's determination as to who best meets the requirements of the positions being filled.

Section 5. Temporary Reassignments

Subd. 1.

The Union recognizes that the Employer may temporarily reassign employees to other clinical units or to another employee's job responsibilities as necessary to meet staffing needs.

Subd. 2.

Employees may volunteer to be temporarily reassigned. If the temporary reassignment cannot be made through a volunteer, the Employer will use a rotating method. It is recognized that the Employer shall have the discretion to deviate from the rotation list to meet its operational needs, the needs of patients and considering the skills and experience of the employees involved.

Subd. 3.

Newly hired, new graduate professional employees will not be temporarily reassigned for a period of three months following the completion of their orientation, unless they volunteer for their assignment as consistent with their skill level. Other newly hired professionals will not be

required to float during the first one hundred and twenty (120) work hours following the completion of their orientation, unless they volunteer for the assignment consistent with their skill level.

Subd. 4.

Section 4. Grievability

An employee shall have the right to grieve an evaluation only if the overall assessment is less than satisfactory and such evaluation results in an adverse action by the Employer.

While on orientation, the employee shall receive wages and benefits commensurate with the percentage of time appointed. RN's/staff will be assessed at the completion of the orientation period to determine if they are meeting

competencies and, if all competencies are met, they will be assigned straight weekend hours. If it is determined by a Nurse Manager or Department Manager/designee, or if a staff member expresses the need for additional orientation after beginning the weekend hours, and it is determined the best reorientation is during weekday shifts, the staff member will be returned to orientation shifts during the weekdays, at regular rate of pay until it is determined they are competent to work independent exclusively on the weekend shifts.

Subd. 2. Overtime

Exempt staff who wish to pick up additional hours will be paid at the employee's regular hourly rate of pay, unless the employee has worked more than two hundred forty (240) hours in a six (6) week cycle. Hours in excess of two hundred forty (240) hours in a six-week cycle including the weekend hours will be paid at 1.5 times the employee's regular hourly pay, but not to result in the duplication or compounding of such premium for the same hours worked.

Non-exempt staff who wish to pick up additional hours are paid at the employee's regular hourly rate of pay, unless the employee has worked more than forty (40) hours in a week. Worked hours in excess of forty (40) hours in a week, including the weekend hours, are paid at

1.5 times the employee's regular hourly pay, but not to result in the duplication or compounding of such premium for the same hours worked.

Staff who earn the maximum vacation accrual rate (115.2 hours/year based upon a hire date before July 1, 1999 or a seniority level of 6 years) will be scheduled for an additional 24 hours off per year. The staff member will work with the manager to determine the days off.

Subd. 3. Banking of hours

Staff may use the earned vacation as compensation for the scheduled weekends off. Employees who earn the maximum vacation accrual rate utilizing the Weekend Option may utilize 1.5 hours of vacation, if available for each hour off, up to thirty-six (36) hours of accrued Vacation Leave for a scheduled weekend off, or up to the amount of vacation they have accrued at the time of the leave. Employees who earn less than the maximum vacation accrual rate utilizing the Weekend Option may utilize 1.5 hours of vacation if available for each hour off, up to thirty-six (36) hours of accrued Vacation Leave for a scheduled weekend off, or up to the amount of vacation they have accrued at the time of the leave. Staff who transfer into a weekend option position whose vacation hours would max out under this option will have sufficient number of their current vacation accruals banked to assure that future accruals under this plan will not be lost. The banked hours will be available for future use and will not be lost while in the weekend option.

Subd. 4. Spontaneous Leave

Staff in the weekend option will have the opportunity to use spontaneous time off (though they will be at the bottom of the list) for full or partial shifts without this being counted towards their two (2) weekends off in each six (6) months or the additional twenty-four (24) hours per year for staff at maximum vacation accrual as noted above.

If a weekend option staff member is sick on a weekend to work, sick time may be used for no more than the two weekends scheduled in the six-month period. These absences will count against the two scheduled weekends off.

Subd. 2.

Other absences may only qualify for sick time pay if the absence would qualify as a personal and serious health condition under FMLA. In the event of a need for time off due to other situations which would qualify under FMLA for self or family or for bereavement, the manager will work with the staff member to effect a trade, grant a leave or use other scheduling alternatives to attempt to assist the staff member to obtain the time off. In all situations the need of patient care and all staff must be balanced in making decisions to grant additional time off beyond the standard two (2) weekends per six (6) months.

Section 10. Benefits

Subd. 1.

Staff will be eligible for TIAA-CREF participation based upon the base salary.

Subd. 2.

Subd. 3.

Whenever the Employer determines that an employee must be removed from a current work assignment pending the completion of an investigation by the Employer to determine if disciplinary action is warranted, and after providing the Employee in writing with the reason for the investigation, the Employer may reassign the employee to another work assignment at their current rate of pay, or suspend the employee from work in paid status at their current rate of pay. In the event that the period of investigation requires that either action remains in effect for longer than fourteen (14) days, the Employer will notify the employee and the Union of the extension of the reassignment or administrative leave.

APPENDIX D.

1. A centralized Inpatient Clinical Resource Unit (ICRU) which is a clinical unit(s) with a defined management structure to provide staff supervision and oversee staff assignment practices has been added to the list of clinical units. Staff in this/these clinical unit(s) are oriented to multiple competencies so that they can be assigned to a variety of units and function as a staff member on those units.
2. The staff nurses in the ICRU(s) shall have an addendum to their job description listing the requirements of an ICRU position. Staff nurses in the ICRU(s) shall generally have a minimum of one year of experience and defined competency requirements. Resource nurses shall have designated units to which they are deployed in order to match nursing skills to patient care requirements.
3. Staff nurses in the ICRUs) shall receive an additional \$4.00 per hour worked after they have successfully completed orientation to the units in their defined nursing skill set. This compensation is in addition to any shift differential to which the nurse is otherwise entitled to receive.
4. The Employer and the Union have a mutual interest in decreasing temporary reassignments (commonly known as “pulling or floating”).
 - a. Recognizing that temporary reassignments may be necessary in some cases to assure appropriate patient care, this appendix defines reassignment practices within the ICRUs and inpatient clinical units in the Department of Nursing Services and Patient Care as specified:
 - i. On those occasions when an out of unit assignment is necessary the staff member will receive a \$1/hour differential for all direct care hours worked outside their own unit.
 - ii. The temporary reassignment of staff nurses (with the exception of those staff nurses in the ICRU) will be within their own divisions.
 - iii. If a staff nurse volunteers for reassignment on another division they may work on another division per the mutual agreement of the employee and the nursing supervisor/designee.
 - iv. In an operational emergency (e.g., substantial patient volume changes or epidemic situation) this reassignment practice may be temporarily suspended for the length of the emergency or epidemic situation to assure that the Employer can meet its operational needs and the needs of patients. The Senior Associate Director on-call for Nursing must be consulted and must approve the designation of an operational emergency before this reassignment practice may be temporarily suspended.

- b. For staff in the ICRU, every attempt will be made to assign ICRU staff only to the team on which the ICRU staff member belongs. On those occasions when an out of team assignment is necessary, the staff member will receive a \$1/hr differential for all direct care hours worked outside of their own team.
 - c. This reassignment practice will be reviewed annually. Not less than sixty (60 days) before June 30 of each year, the Employer will give notice to the Union if there is an interest in making any changes to the practice to allow for an opportunity to meet and discuss.
- 5. All other provisions of the current collective bargaining agreement shall remain in full force and effect.
- 6. As needed, the Nurse Staffing Advisory Council in its meetings may review and make recommendations about the ICRU in terms of nurse satisfiers such as scheduling practices as well as the reassignment practice outlined herein.

APPENDIX E.

A new model of recognizing education, certification, and intensity of work is presented below. This compensation model demonstrates UIHC Management's commitment to recognizing the excellence of our staff, as follows:

Certification Recognition for Tertiary Health Care Bargaining Unit Staff

The Employer will provide compensation in an amount of \$500 annually, prorated for part time, paid in a single installment on August 1 of each year for recognition of staff obtaining and maintaining a position-related certification in an approved nationally recognized certification which is not a condition of employment for the occupied classification. This differential is not a component of base salary and is not used as a basis for future pay.

- a) Payment is contingent on the staff member actively being assigned and working in a budgeted line position that provides patient care/services in the related area of the certification.
- b) UIHC HHR Department shall provide notification to SEIU, and shall make known to employees in the bargaining unit of the approved certification(s) by February 1st of each calendar year. Employees may bring certifications forward for consideration.
- c) Application for Certification Differential - It shall be the employee's responsibility to submit an application for recognition and payment of a new or renewal of a certification differential:
 - Final approval of a certification for payment or an application submitted by an employee to receive the noted differential, either as a new application, renewal of an existing payment, or in the event of transfer or acceptance of a new position, is reserved as a right of management.
 - Certification Applications: Applications for payment of the certification differential for both new and renewal certifications shall only be accepted between February 1 and the March 15 of each calendar year for payment in the next fiscal year (July 1 – June 30).

Inpatient Nursing Differential

1. During the terms of this agreement, Staff Nurses (STN) in the Department of Nursing assigned to units that require twenty-four (24) hour staffing on site, seven (7) calendar days a week, as well as the Staff Nurses in the Main Operating Room and PACU, will have \$1,000 (pro-rated for part time) added to their salary while employed in these units. This differential is not a component of base salary and is not used as a basis for future pay.
2. Nurses that transfer into the Department of Nursing units receiving this differential will receive the differential in their base salary upon transfer. Nurses that transfer out of the Department of Nursing units receiving the differential will have the amount(s) removed from their base salary upon transfer.

APPENDIX F.
MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding is entered into between the Board of Regents, State of Iowa (hereinafter referred to as the "Employer") and the Service Employees International Union, Local 199, (hereinafter referred to as the "Union") as follows:

1. The Employer and the Union, through this Memorandum of Understanding, wish to affirm and acknowledge the dedication of both parties to the promotion of human rights and the elimination of discrimination.
2. Therefore, the parties affirm and support the University's Policy on Human Rights which forbids differences in treatment based on protected characteristics identified therein and provides for equal opportunity and access to facilities for all (University Operations Manual (I-3.1).
3. Furthermore, complaints involving the interpretation, administration, or the enforcement of the Human Rights Policy are not subject to the formal grievance procedure in the collective bargaining agreement between the parties. Instead, the parties agree that employees may utilize the human rights enforcement procedures established by the University policy or as provided by law. Bargaining unit employees may be accompanied by a union representative and/or other advocate of the employee's choice (if so desired) when utilizing such procedures.
4. Nothing in this Memorandum of Understanding shall be construed to restrict the University from modifying its policy on Human Rights using its procedures for policy development and revision, including procedures through the University's Office of Equal Opportunity & Diversity and through the Charter Committee on Human Rights.
5. This Memorandum of Understanding shall remain in full force and effect for a period of two years from July 1, 2015 through June 30, 2017.
